## MEMORANDUM FOR THE RECORD

Norman Wood, PFIAB Executive Director, called today and said the Board has received Bob Gates' letter on support to the policymakers and that it was a superb response. Wood said it was exactly what the Board needed to receive. He also had some complimentary remarks about Bob Gates.

Wood noted that the paper referred to the 1982 research program and asked that the PFIAB be provided with four copies. He said it would be their Bible.
